Work Experience

August 2022-Present	Kai Creatives Ltd

Position: Freelance Web Developer

Key Achievements:

I am the founder of Kai Creatives and I have successfully **designed** and **built websites** that have positively impacted bespoke businesses. My aim was to bring substantial impact to small businesses through affordable software development.

Responsibilities:

- Actively engaged in **web design** and **development** for different clients using **React.js**, **Next.js**, **CSS3**, **Bootstrap**, **Node/Express**, **Redux**, **styled-components**, **React hooks**, **Git and GitHub**.
- Carried out product Development and enhancement to boost product engagement.
- **Created and deployed mobile-first applications** while learning **new languages and frameworks**.
- Developed innovative techniques for clients using **headless CMS** with technologies such as **Ghost CMS** and **Contentful** for **content management**.

October 2021-August 2022	Ministry of Education

Position: ICT Support Officer

Key Achievements:

- Successfully offered **ICT Training to more than 1,000 children** and **more than 100 teachers** spanning over **40 schools**.

Responsibilities:

- Carried out data analysis for the Limuru Sub-county data in line with the set ministry of education guidelines using modern data science technology.
- Managed the National Education Management System for the sub-county.
- Offered technology consultancy services for all the schools in Limuru Subcounty ranging from web services to computer hardware.

June 2021-October 2021	Office of The Director of Public Prosecutions (ODPP)

Position: ICT Support Officer

Key Achievements:

- I participated in **data analysis and system management in 5 critical departments** which are: international crimes, conventional crimes, county affairs, Prosecution Training Institute (PTI), and corporate services.

Responsibilities:

- Offered training and support to prosecutors on using the Uadilifu Case Management system to process all prosecution matters in Kenya.
- Mitigated illegal access to sensitive prosecution and case data through integrated cyber security in the Anti-Corruption, Anti-money laundering, International Crimes, and Counter-Terrorism divisions.
- Installed and configured all ICT equipment not limited to; computers, networks, laptops, routers, printers, etc. in all ODPP offices in the country.

Jan 2021- April 2021	UX CRAFT Ltd

Position: Front-end Developer - Web Development

Key Achievements:

- Was part of a team that developed a progressive web application for the Kothbiro grassroots tournament and CEMA website.

Responsibilities:

- Developing structure and design of web pages.
- Developing and optimizing pages using the Vue JS framework.
- Building reusable code for future use.

2018 and 2019	Next Technologies Ltd

Position: ICT Intern

Key Achievements:

- I was part of a team that installed full building networks and data centers at Kenya Power and Lightning Company (KPLC), National Intelligence Service (NIS), Stanbic Bank, Kenya Tea Development Agency (KTDA), Nairobi Hospital, Communications Authority of Kenya (CAK) and British American Tobacco (BAT).

Responsibilities:

- Installation of full building networks with proper and organized documentation.
- Installation and configuration of computer hardware, operating systems, and applications.
- Monitored performance and parameters to provide fast responses to front-end users.
- Identified security gaps and provided relevant solutions in consultation with the Operations.

Other Positions Held

- **Sept=Dec 2021**- Data Analyst at Eyeland Africa Ltd.
- **May - Aug 2015:** Teacher at St. Anne's Academy.
- **Jul - Aug 2014:** Computer Servicing Technician at Naivasha Technical Training Institute.

Additional Information

Hobbies and Interests

- Learning different technologies, reading non-fiction books, Traveling, and Community Service.
